

Driving Policy

The Newgrange School believes that safety is the paramount concern relative to children coming to or returning home from school. Parents should consider their children's age, experience and skills in deciding whether to allow them to drive a car to school. It is assumed that the parent will have made prior arrangements to properly insure the driver. When driving, students must obey all traffic regulations. Students who drive are NOT to transport other students to and from school grounds. Students who drive need to get the appropriate permission slip signed by parents.

The school assumes no responsibility for cars. The student assumes all responsibility for loss or damage to his/her car, its equipment and its contents. Cars must be locked in the morning and must not be entered or moved during the day without administration permission. Any student who uses a vehicle to transport another student illegally from school grounds will lose the privilege of driving to school. Students must park in designated parking spots. Student parking is located at the farthest end parking lot away from the school. Violation of these regulations may cause loss of driving privileges and possible disciplinary action.
